

Here are the cops of London town,  
Hardworking, brave and true.  
They drink their tea,  
Stay up till three  
And take good care of you.

Here are the robbers of London town  
With crowbars and skeleton keys.  
They prowl and creep  
When you're asleep  
And take . . . whatever they please.

Ho Ho for the robbers  
The cops and the robbers Ho Ho!
