

Imagine you were an evacuee

In *Return to the Secret Garden* Emmie is evacuated to Misselthwaite Manor where she discovers a secret garden. Evacuation means to move from one place to another and was very common during the Second World War when the countryside was considered much safer than cities like London. When children were evacuated they couldn't take very many things, so would often only take their most precious things with them.

If you were evacuated what would you take with you? Use the space below to write about and draw the things that are most precious to you.
