HOME

A long time ago ...

A long time ago, Captain Smek took an important rock from the Gorg Commander, then he ran away.

The Boov listened to Captain Smek because he had the rock. But the Gorg Commander was very angry. He started looking for the Boov. So now the Boov are always running away ...

CHAPTER ONE

A new home

'Listen, Boov!' Captain Smek shouted. 'Today we are moving to a great new home. It is the planet Earth. There are humans there, but they are not clever.'

'Hooray!' all the Boov shouted. 'The horrible Gorg are never going to find us there.'

The Boov flew to Earth in their spaceships.

'Hello, humans!' Captain Smek shouted. 'Do not be frightened. We are going to send you all to a very happy place.'

Soon every human lived in Happy Humanstown. The Boov moved into the humans' homes.

Oh, a young Boov, laughed happily. 'Today is the best day,' he thought. 'It is a new start in my new home. I am going to have a party for my friends.'

Oh waited for a long, long time, but no Boov came to his party.

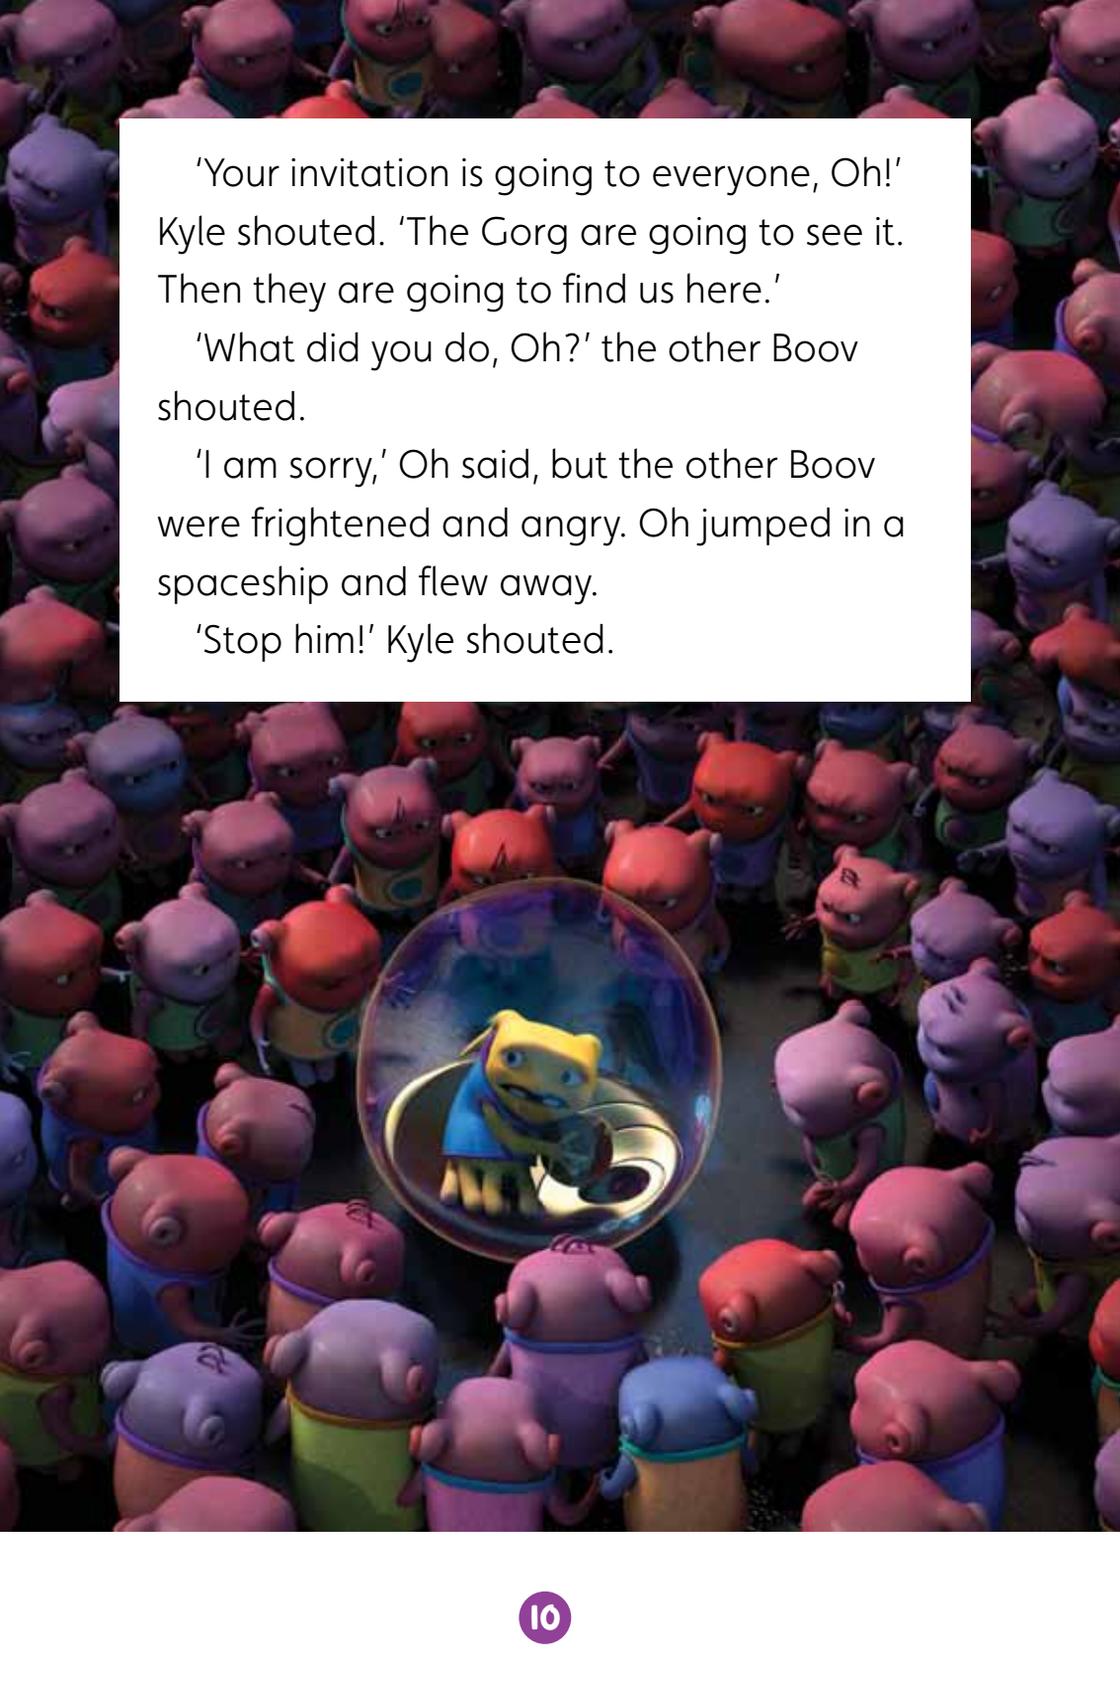

Oh was very sad. Then he saw Kyle outside.
'Come to my party,' Oh said. 'I am sending you
an invitation ... now!'

But Oh made a mistake. Oh always made
mistakes. His invitation went to everyone on
every planet.

'Your invitation is going to everyone, Oh!' Kyle shouted. 'The Gorg are going to see it. Then they are going to find us here.'

'What did you do, Oh?' the other Boov shouted.

'I am sorry,' Oh said, but the other Boov were frightened and angry. Oh jumped in a spaceship and flew away.

'Stop him!' Kyle shouted.
