

DICE AND SPINNERS

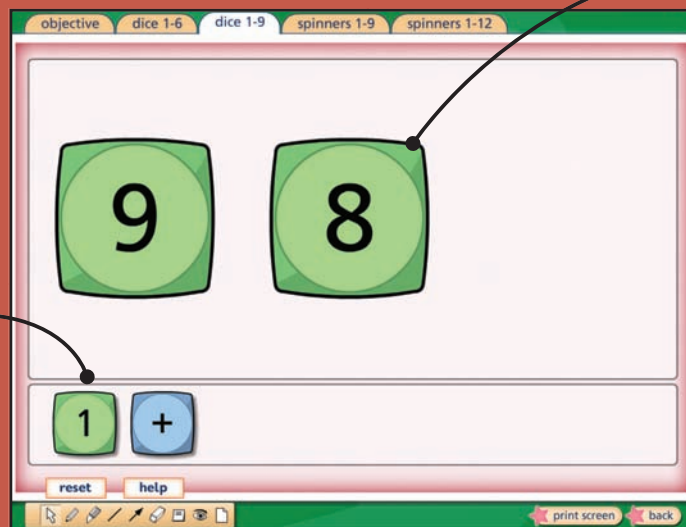

This tool enables the user to select standard dice or spinners with random numbers within a specified range. Custom-made spinners can also be created.

Dice

Click on the dice to roll it.

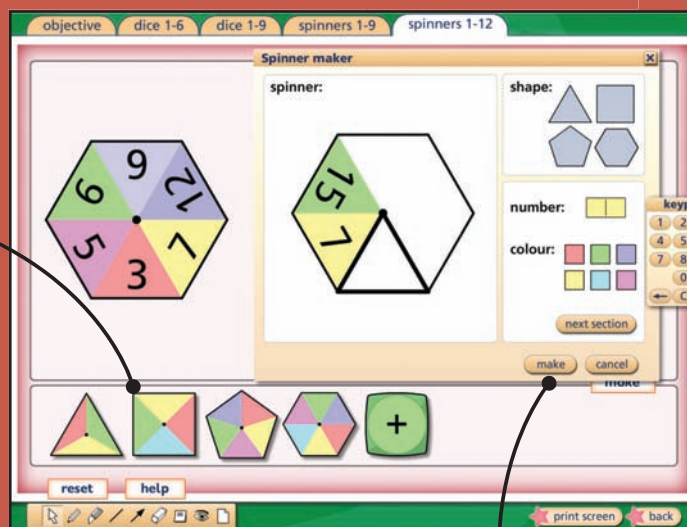

New dice

Create a new dice by dragging it from the palette.

New spinner

Drag a new spinner onto the screen to change the numbers on that spinner.

Make a spinner

Click to create up to three spinners by setting colours and numbers.

Tool functions

- Range of number options for spinners
- Drag a new dice or spinner to the working area to create new numbers
- Facility to customise your own spinners
